

RE: Missionary Presentation Calendar Inquiry

We are excited to learn of any person who feels that God is leading them into the powerful ministry of world-wide evangelization. We certainly wish God's best on your life and ministry as you go forward for Him! We understand that you anticipate your arrival on field just as soon as possible, and we trust that God will prosper your way to that end.

We do regret to inform you that right now we feel that we have no matching dates available on our church calendar. Perhaps if your calendar returns you to our area in the future, we might revisit the possibility of your presentation at Hope.

If you have additional questions, you may contact the director of our Missionary Support Team, **Jerry Williams**. Email would be his preferred method for communication at ev4jw2@gmail.com. But if necessary, you can also reach him on his cell phone at (970) 685-9085.

Sincerely,

The Missionary Support Team
