

RE: Missionary Partnership Inquiry

After having reviewed your responses to our pre-screening questions and after having reviewed the direction of our missions program based upon your statements of position, we feel that financial support from Hope is not a possibility. And while presenting your ministry with us wouldn't necessitate financial support, in our opinion, we both would be better served if we did not waste your time knowing that financial partnership with Hope would not be an option. Because there are a number of reasons that led us to make this decision, we humbly ask that you do not take this decision personally. We pray that God will greatly use you and bless you on your field as you go forward for God.

If you feel the need further clarification, you can contact the director of our Missionary Support Team, **Jerry Williams**. Email would be his preferred method for communication at [ev4jw2@gmail.com](mailto:ev4jw2@gmail.com). But if necessary, you can also reach him on his cell phone at (970) 685-9085.

Kind regards,

The Missionary Support Team  
Hope Baptist Church  
Loveland, Colorado
